Tracey Warner Halama, CEO, *Vital Proteins*

Jose Rocca, R.Ph., Ph.D., CEO & President, *Solara Labs*

Tammi Higgins, SVP Product and Applications, *Lycored*

War on top of pandemic disruptions on top of climate change impacts are creating unprecedented challenges up and down the value chain. Obstacles range from labor to logistics, inflation in shipping and ingredient costs, even access to ingredients, and now the war in Ukraine causing domino effects including true famine calamities across the world due to an inability to ship fertilizer and wheat and other grains from Europe's breadbasket. We have assembled front-line experts navigating these issues and offering real-world advice if not solutions from their positions as a consumer brand, contract manufacturer, ingredient supplier and retailer.

10:10 AM – 10:35 AM

Leveraging Brand and Lab Partnership to Earn Consumer Confidence

Chairperson Introduction: **Claire Morton Reynolds**, Senior Industry Analyst, *Nutrition Business Journal*

Moderator: **Elan Sudberg**, CEO, *Alkemist Labs*

Speakers: **Jessica Mulligan**, Founder, *Winged Nutrition*

Charlotte Traas, Director of Education & Content, *New Chapter, Inc.*

The quest for quality is a relentless pursuit in the acquisition and maintenance of consumer trust. Indeed, the key to sustainable growth for brands—and the supplements industry writ large—is consumer trust. The new gatekeepers to quality are analytical labs, which can help clients to qualify new vendors and sources in order to keep up with consumer demand. Labs provide evidence of transparency, which is the foundation of trust. And if you're allocating tens of thousands of dollars to labs in order to vouchsafe quality products, why not market that? This fireside chat with a lab and two brands provides case studies in raising the bar to making quality relevant to consumers.

11:10 AM – 11:30 AM

Save the World with Superfoods

Chairperson Introduction: **Bill Giebler**, Content & Insights Director, *Nutrition Business Journal*

Speaker: **Jordan Rubin**, Co-Founder & CEO, *Ancient Nutrition*

Regenerative Agriculture is in our roots! Ancient Nutrition founders Jordan Rubin and Dr. Josh Axe both believe in the power of regeneration and operate two farms spanning 4,000+ Certified Regenerative Organic acres. Ancient Nutrition relies on organic farms for many ingredients used in their products, including many superfoods grown on its own farms, and now the company is making strides towards creating supplements that can be fully regenerative organic certified. Ancient Nutrition's mission is to transform the health of

every individual on the planet with history's most powerful superfoods, and that's why Ancient Nutrition dedicates 1% of all revenue to the R.A.N.C.H Project, their commitment to Regenerative Agriculture, Nutrition and Climate Health. Partnering with the Rodale Institute to further efforts to heal the planet, their goal is simple: give back to the soil, instead of just taking from it.
